

Membership Process

Complete the Membership Application Form: The interested employee needs to fill out the registration form.

Membership Fees: There is a one-time registration fee of **\$20**, in addition to the current semester membership fee of **\$60 prorated from the month started**. If employee has been a Toastmaster before, they do not need to pay the registration fee; simply they need to provide us with their membership number. The payment will be deducted from them. Employee will confirm their agreement to this method by sending an email after finalizing their membership.

Reimbursement: At the end of the Toastmasters year in June '24, the employee can request reimbursement of the membership fee by filling out the reimbursement form. To be eligible for reimbursement, employees must have attended at least 80% of the meetings. Reimbursement is subject to meeting this attendance requirement.

Club Dues: We collect AED 50 in club dues every other meeting. These funds are used to cover refreshments, prizes, and Toastmasters Awards.

Participate in Club Meetings and Activities: As a member, you will have access to our regular club meetings and various activities. We encourage you to attend meetings consistently and actively participate in speech deliveries, evaluations, and impromptu speaking opportunities. This active engagement will help you develop and enhance your communication and leadership skills.
