EMIRATES NATURE-WWF

For two decades, Emirates Nature-WWF has been a prominent and active partner in environmental conservation in the MENA region. We work in association with WWF, one of the world's largest and most respected independent conservation organisations, present in 100 countries and supported by 5 million members.

As a local conservation think tank and volunteer platform, we empower, convene and mobilise civil society, government and business to support the UAE's sustainability agenda and deliver transformative impact at scale for the benefit of people and planet alike.

**TOGETHER, WE CAN
BUILD A FUTURE IN
WHICH PEOPLE LIVE
IN HARMONY
WITH NATURE.**
