Redesign any space for social distancing

Modular Shields are easy to integrate in existing workstations and provide the desired level of protection with different applications.

The shields are protective polycarbonate or cardboard separations that can be easily integrated frontally and laterally in existing desk and bench workstations.

STATEMENT OF LINE

The transparent polycarbonate version allows for full transparency and is easy to clean. The cardboard shield features a soft-edge design and is 100% recyclable, thus providing an environmentally friendly option that is easy to dispose of after use.

Dimensions

20-0140540

Height: 807 mm

Polycarbonate Version

Cardboard Version

Width: 1000 mm

Depth: 4 mm (Polycarbonate Version)
9 mm (Cardboard Version)

ORDER PROCESS

To order, please use the special codes directly below or contact the Steelcase Specials Team for customized sizes or quotations for large orders.

APPLICATIONS

Before installing the screen on the desk surface, it is recommended to remove all additional elements on the desk such as power outlets, lights and monitor arms. They can be reinstalled or simply moved on the empty side of the desk. The shields are compatible with pre-installed Divisio and Partito Screens.

Polycarbonate Version

W1000 XMODS1000

Cardboard Version (Pack of 25)

W1000 XMODSCB1000
